Amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council as regards the list of restricted substances including the four (4) new restricted substances added to the list July 22, 2019.

REACH Statement

We have reviewed our product (s) with regard to the SVHC substances included in the latest ECHA Candidate List 224-SVHC, at <https://www.echa.europa.eu/>.

- Based on our analysis
- Vendor supplied analysis
- Material certifications, and or laboratory tests
- The components and materials used in the manufacturing of our products provided to Schroff by its raw material and other suppliers, and our current knowledge of our products

We confirm that the above mentioned Schroff product imported into and/or sold in the European Union do not contain any of the SVHC substances at levels greater than that permitted by the REACH Regulation

Asbestos and Mercury Free Statement

Mercury or mercury containing compounds were not intentionally added nor came in direct contact with the hardware or supplies. Asbestos or components containing asbestos were not intentionally added to our products. We do not specify mercury or asbestos in any of our bills of materials that ultimately result in the creation of our finished goods.

Ozone Free - POP Statement

Schroff does not use any substances in the manufacturing of their products that contain PFOA (Penta-decafluor-octanoic acid) or POP (Persistent Organic Pollutants) which are harmful to the Ozone.

Radionuclides Free (Non-Radioactive)

Schroff supply chain does not specify radionuclides containing material in any of its bills of materials that ultimately result in the creation of its products.

Sincerely,
